First trialled in Europe in the spring of 1945, but formally introduced into British Army service in December 1946, not only is the Centurion one of the most important tanks in the history of the British armoured fighting vehicle (AFV), but it is also one of the most significant post-war Western tanks. Between 1946 and 1962, 4,423 Centurions were built in 13 basic marks and numerous variants, with the chassis also adapted for several other AFV roles. A small number of the Beach Armoured Recovery Version (BARV) served with the British forces during the Iraq War of 2003, some 58 years after the Centurion first entered service! The Centurion has seen extensive combat in the Korean War (Britain), Vietnam (Australia), the Middle East (Israel) in the 1967 Six Day War, 1973 Yom Kippur War, and during the 1978 and 1982 invasions of Lebanon, and in the Indo-Pakistan War (India) in 1965 where it fought against US-supplied M47 and M48 Patton tanks.

Everyone wants to know how Claire died, at whose hands, and more importantly, where the baby that she recently gave birth to is--a baby that almost no one, except her small innermost circle, knew she was carrying. At the center of the investigation is Madeline Christopher, an intern in the English department who is forced to

With *The Twisted Thread*, Charlotte Bacon has crafted a gripping and suspenseful story in the tradition of Donna Tartt's *The Secret History*, one that pulls back the curtain on the lives of the young and privileged.

Before Emeril Lagasse's signature "Bam!" or Anthony Bourdain's hedonistic charm, there was Graham Kerr: a pioneering TV chef who, following in the footsteps of Julia Child, showed millions of viewers in the '60s and '70s that home cooking could be easy and fun. Kerr's approach to home cooking and to issues of authenticity and cultural borrowing have much more in common with Mario Batali and Jamie Oliver's outlook than with Kerr's 1960s contemporaries. This reissue, updated with an introduction by the Lee Brothers and commentary from Kerr himself will appeal to generations any home cook. A new edition of a beloved cookbook celebrating the classic dishes and witty humor that were signature to TV chef Graham Kerr's "The Galloping Gourmet."

We revisit Lipset's law, which posits a positive and significant relationship between income and democracy. Using dynamic and heterogeneous panel data estimation techniques, we find a significant and negative relationship between income and democracy: higher/lower incomes per capita hinder/trigger democratization. Decomposing overall income per capita into its resource and non-resource components, we find that the coefficient on the latter is positive and significant while that on the former is significant but negative, indicating that the role of resource income is central to the result.
