Below is a diagram that shows a typical installation of a 240V Panel. I have used this as an example as it is the most difficult one to do, Anything smaller or with less switches just gets ...

How to Wire up your Camper

Wiring Diagrams An important aspect of towbar fitting is the wiring which is required to power either your trailer lights or caravan internal electrics. This is often overlooked when booking a towbar or can be difficult to understand exactly what your vehicle requires if you have none or very little knowledge.
